

Axemanship

An adventure into woodland living led by woodsman Adrian Leaman. You may have seen Adrian supervising the felling of the big oaks in Kevin McCloud's *Man Made Home on C4*.

“These courses are a chance for me to distil 20 years of woodsmanship and woodcrafts experience, ranging from the jungles of Belize to the pine forests of the Rockies and the temperate woodlands of Southern England.”

It's an exhilarating and humbling experience. I look forward to seeing you soon.
Adrian Leaman
